Marietta, GA 30064-2433

Subject: Amended Label for CB Country Vet Purge® 3  
EPA Reg. No. 10807-467

Dear Ms. Morris:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the pyrethrins, piperonyl butoxide and MGK 264 RED(s), and has concluded that your submission is acceptable.

PLEASE NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

A copy of your label stamped "Acceptable" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Linda A. DeLuise at (703) 305-5428 or via e-mail at [deluise.linda@epa.gov](mailto:deluise.linda@epa.gov) or Mr. Richard J. Gebken at (703) 305-6701 or via e-mail at [Gebken.Richard@epa.gov](mailto:Gebken.Richard@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken  
Product Manager 10  
Invertebrate & Vertebrate Branch 2  
Office of Pesticide Programs

Enclosures: Label stamped "Accepted" dated: February 24, 2015  
10807-467 D414511, D412664 and D410650

**CB Country Vet Purge® 3**  
**[CB Flying Insect Purge III] [Country Vet Metered Insecticide Fly Spray]**  
**[TimeMist Purge III – Flying Insect Spray]**

- Approximately 2.12 oz. (60g) is dispensed at each metered interval.
- Fresh Outdoor Scent
- Kills Gnats and Small Flying Moths.
- Contains Pyrethrins, A Botanical Insecticide.

**ACTIVE INGREDIENTS:**

Pyrethrins.....	0.975%
*Piperonyl Butoxide.....	1.950%
N-octyl bicycloheptene dicarboximide .....	3.050%
<b>OTHER INGREDIENTS**:</b> .....	<b>94.025%</b>
<b>TOTAL:</b> .....	<b>100.000%</b>

\*(butyl carbityl)(6-propylpiperonyl) ether and related compounds  
\*\*Contains petroleum distillates

**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**

See back panel for additional precautionary statements.

**NET WT. 6.4 OZ. (181 GRAMS) [14 OZ. (397 GRAMS)] [17 OZ. (1 LB. 1 OZ.) (481.9 GRAMS)]**

{Back Panel}

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION.** Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Wear long-sleeved shirt, long pants, socks, shoes and chemical resistant gloves (Barrier laminate, Nitrile rubber, Neoprene rubber, Viton, selection category E).

*[NOTE to EPA Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]*

**FIRST AID**

**IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**[HOT LINE NUMBER -]** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, twenty-four (24) hours per day, seven (7) days per week. [For emergency information, call 1-877-541-2016, 24 hours per day, 7 days per week.]

**NOTE TO PHYSICIAN:** Contains petroleum distillates – vomiting may cause aspiration pneumonia.

**Personal Protective Equipment (PPE):**

Mixers, loaders, applicators and other handlers must wear the following: • Long-sleeve shirt • Long pants • Shoes and socks.

**User Safety Requirements:**

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

**User Safety Recommendations:**

- User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**

This product is toxic to aquatic organisms, including fish and invertebrates. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. This product may contaminate water through run-off. This water has a potential for run-off for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce run-off that contains this product. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area. Do not apply to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. See Directions for Use for additional precautions and restrictions.

**PHYSICAL OR CHEMICAL HAZARDS**

**Flammable.** Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not allow spray to contact plastic, painted or varnished surfaces.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR USE IN [ON]** Food handling and food preparation areas of restaurants and food processing plants, stores, farms, dairies, barns, kennels, factories, hotels, motels, offices, ships, planes (cargo area only), supermarkets food warehouses, bottling plants, milk and egg handling areas of dairies and chicken houses.

This product contains a highly effective insecticide designed especially **FOR USE IN** automatic dispensers. The dispenser activates the metered valve every 15 minutes. Usually the effectiveness of this product will be noticeable within one hour after the dispenser is activated. If less than 24 hour kill is required, the dispenser should [be set to] start one hour before kill is desired and run one hour after kill is no longer needed. Keep in mind that factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and kill. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect kill, best results are achieved when sanitation and other positive insect prevention practices are followed.

Do not use in aircraft. It is suggested that the container be changed once a month.

**OPERATION:** Remove protective cap from top of can & [and] insert can in dispenser. Secure dispenser at least 7 feet from floor or ground & [and] at a point where air flow or wind will carry the particles throughout the area to be protected.

*[NOTE to EPA Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]*

**USE RESTRICTIONS**

• Apply this product only as specified on this label. • Do not contaminate food or feedstuffs. • **THIS PRODUCT IS FOR INDOOR USE ONLY.** • This product is not for use in residential areas or on indoor residential surfaces. • This product is not for use in outdoor residential misting systems (indoor or outdoor). • Do not enter or allow others to enter until vapors, mists and aerosols have dispersed, and the area has been thoroughly ventilated. • Do not apply this product in a way that will contact workers or other persons, either directly or through drift. • Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosol vapors and mists have dispersed. • Remove or cover exposed food and drinking water before application. • Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before reuse. • Direct application to food contact surfaces is prohibited. • For indoor food handling/processing facilities: Do not make space spray applications when facility is in operation. During space spray applications, cover or remove exposed food. During space spray applications, cover food processing surfaces or clean after treatment with a suitable detergent, rinse with potable water before reuse. Do not apply more than 1 time per day. • For metered release devices: Not for use in residential areas. Do not use in nurseries or rooms where infants, ill or aged persons are confined. Do not place metering device directly over or within 3 feet of air vents. Carefully follow directions for the dispenser unit and when replacing cans or conducting maintenance. • Do not place metering device directly over or within 8 feet of exposed food, dishes, utensils, food processing equipment, and food handling or preparation. The maximum application rate for metered release devices is 0.00046 lb pyrethrin per 1000 cubic feet. • For agriculture premises, commercial animal housing and equipment, direct application to non-domestic animal/livestock and outdoor ornamentals and lawns: Do not apply more than 1 time per day. • When used in dairy barns or facilities: Close milk bulk tank lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking utensils before application. Wash teats of animals before milking. • Application of this product is prohibited directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow this product to enter any drain during or after application. • Remove pets, birds and cover fish aquariums before application.

**STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. **PESTICIDE STORAGE:** Store in a cool, dry (preferably locked) area that is inaccessible to children and pets and away from heat, sparks, or open flames. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Do Not Puncture or Incinerate! **IF EMPTY:** Place in trash or offer for recycling, if available. **IF PARTLY FILLED:** Call your local solid waste agency for disposal instructions.
